

Name Dr. Patrick O. Wanguche

Job Title and Responsibilities

Senior Medical Officer

HOD University Health Services

Responsible for management of staff and student health services . I provide facilitative supervision to over 45 staff in the department and followup of all referred cases . I also assist in budgeting and control of health expenditure as well as ensuring the provision of essential health commodities to the department . I represent the vice chancellor during negotiations of mou's with health development partners as well as with the Director, County Health Services . Provision of advice and direction to University management Board on innovative health policies and insurance covers is also part of my role .

About Me

Basically my work involves diagnosis and treatment of staff and students referred from my other clinicians . I also do lots of referrals for cases that require specialist care or opinion and treatment . I conduct minor surgeries under local anesthesia , do followup of staff and students admitted in hospitals and liase with the consultants on the best care available to them . I also do psychosocial counselling to those in need .
