

MASINDE MULIRO UNIVERSITY OF SCIENCE AND TECHNOLOGY

VICE CHANCELLOR'S ROUND UP FOR THE WEEK ENDING, FRIDAY, 1ST APRIL 2022.

- Masinde Muliro University of Science and Technology's AIDS Control, Gender and Disability Mainstreaming Unit (AGDMU) has concluded a sensitization health screening program dubbed '*2022 MMUST Inter-Campus Health Screening*' within the main campus, Bungoma and Webuye campuses. This is in a bid to create awareness on Mental Health, HIV/AIDS as well as screening of non-communicable diseases. The program whose theme is 'Beyond Zero Non-Communicable Diseases at MMUST' is intended to reduce prevalence of non-communicable diseases among staff and students, was conducted from 25th to 31st March 2022.
- The Masinde Muliro University of Science and Technology Staff Retirement Benefits Scheme (RBS) conducted a sensitization workshop on Pension Scheme Management for Council members at Ciala Resort in Kisumu County from Tuesday 29th March to Wednesday, 30th March 2022. The workshop whose aim was to address the lack of staff financial security during retirement. was spearheaded by the Scheme's Chairman, Dr. Daniel Otanga, MMUST's Trustee Dr. Isaac K'owino and their team.
- Masinde Muliro University of Science and Technology has been picked by the Kenya Nutritionists and Dieticians Institute (KNDI) for collaborative research among other accredited Universities in Kenya offering Clinical Nutrition. The KNDI Chief Executive Officer, Dr. David Kokeyo and Deputy Director Linkages and Outreaches, Africa Center of Excellence for Population Health and Policy- Bayero University (Nigeria), Prof. Salisu Maiwada Abubakar, visited MMUST, on 30th March 2022, to chat a way forward that can enable collaboration of the two institutions.
- On 31st March 2022, Masinde Muliro University of Science and Technology through the Department of Curriculum and Instructional Technology (CIT) conducted a School Practice Advising Workshop to enhance the effectiveness of teacher education for quality teaching. The workshop themed 'Teacher Education for Quality Teaching' saw more than one hundred (100) lecturers from different

schools/faculties within the University equipped with skills to guide students professionally in their school practice activities.

- Consultants at the Masinde Muliro University of Science and Technology stakeholders workshop have revealed that Business Process Re-engineering (BPR) is key to institutional service improvement. It enables organizations to review, interrogate and redesign their service delivery processes. The sensitization workshop themed 'Business Process Re-engineering' was organized by the Directorate of Performance Monitoring and Evaluation (PME) and was conducted on 1st April, 2022 at Golf Hotel.

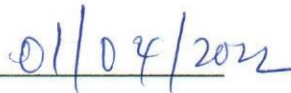

I wish you a blessed weekend ahead!

Prof. Solomon Shibairo

Vice Chancellor
